## SUMMARY

I am an IT graduate with a strong focus on backend development, specializing in Laravel. Through hands-on experience in developing and implementing backend systems, I have contributed to multiple projects that have enhanced my skills in backend operations.

## EDUCATION

### B.Sc.(Hons) Computing

IIMS College / Dhobidhara Marg / January, 2024 - April, 2024

### +2 Science Stream

DAV College / Lalitpur

### SEE

Magus English School / Kirtipur

## WORK EXPERIENCE

### Junior Laravel Developer

Makura Creations Pvt Ltd. / Pulchowk, Lalitpur / January, 2024 - Present

### Projects (Completed within Makura Creations)

- EduPro (Collaborated with Senior)
- Miss Nepal Web
- Visible Impact Web
- DokoTours
- Youth Collection

## TRAINING/CERTIFICATIONS

### Databases for Developers: Foundations

Oracle Dev Gym, 2021

## PROJECTS INVOLVED

### Miss Nepal Web

Developed and maintained the backend infrastructure of the Miss Nepal website using Laravel. Integrated various Laravel packages, including Voyager, to efficiently manage dashboard actions and content.
